

Staying Safe *While* Accepting Deliveries or Getting Mail

If you're getting your household essentials or food delivered to your home, there are still steps you need to take to protect yourself during the coronavirus pandemic. These tips should also be kept in mind when you collect your mail:

Limit in-person contact if possible.

Pay online or on the phone when you order (if possible).

Accept deliveries without in-person contact whenever possible. Ask for deliveries to be left in a safe spot outside your house (such as your front porch or lobby), with no person-to-person interaction.

Otherwise, stay at least 6 feet away from the delivery person.

Wash your hands or use hand sanitizer after accepting deliveries or collecting mail.

After receiving your delivery or bringing home your takeout food, wash your hands with soap and water for 20 seconds. If soap and water are not available, use a hand sanitizer with at least 60% alcohol.

After collecting mail from a post office or home mailbox, wash your hands with soap and water for at least 20 seconds, or use a hand sanitizer with at least 60% alcohol.
